Flowering Enhancer Bloom Booster

Net Weight 200g (0.44 lbs)
Makes 1 litre of liquid stock

4-19-13

Keep tightly sealed. Store away from direct sunlight and below 25°C (77°F).

Flowering Enhancer contains potassium, phosphorus, calcium, magnesium and iron:

- **Helps promote vigorous floral blooms**
- **Helps prevent calcium, magnesium and iron deficiencies**

DIRECTIONS FOR USE: USE ONLY AS DIRECTED

Dose using either the Stock Concentrate (1) or Dry to Reservoir (2) method:

-1--Stock Concentrate:

Add to water at 200g/L (0.44 lbs/Qt)*. Stir well until fully dissolved. Store in a sealed container. Apply Stock Concentrate throughout the flowering / fruiting phase. Add to existing nutrient solution at 2ml/L (8ml/Gal; 0.2%) then stir well. Apply to plants at every watering.

-2--Dry to Reservoir:

Use throughout the flowering / fruiting phase. Add to existing nutrient solution at 0.4g/L (1.5g/Gal)* then stir well. Apply to plants at every watering.

**For best results, refer to Veg-1 dose chart at www.floramax.com. Measure accurately with calibrated equipment. To stabilize Stock Concentrate, add 1ml/L (1ml/Qt) of FloraMax System Maintenance.*
